OUR COLLABORATORS

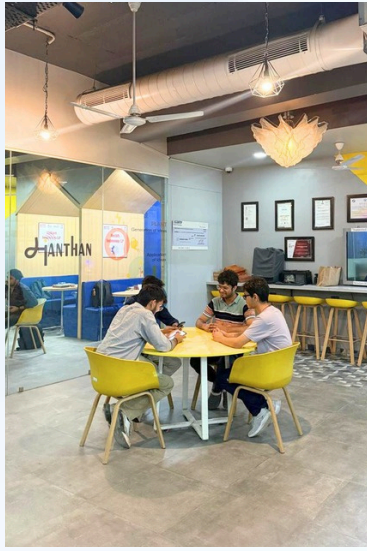

THRUST AREA

- HealthCare
- IT & Electronics Sector
- AI & Deep Learning
- Drone & Robotics
- Industrial Automation
- Travel & Tourism
- E-Commerce

- Mobile and IT Services
- Internet of things
- EV
- Electronics Design/VLSI design
- Women Empowerment
- Agriculture
- Engineering Design & Manufacturing

FACILITIES & INFRASTRUCTURE

- Dedicated Cabin Space
- High-Speed Wi-Fi
- Fabrication Lab Facilities
- Cafeteria

INTEL AI SERVER GRADE LABS FOR DEEP-TECH INNOVATIONS

- Intel Xeon Silver 4410Y & Intel Xeon Gold 6430 Processors with up to 32 cores & 64 threads for AI, ML and HPC workloads.
- TruDDR5 4800MHz high-speed memory for faster data processing.
- RAID 540-81 PCIe Gen4 Storage Controller for enhanced reliability and performance.
- NVIDIA A40 48GB dual card.

OUR OFFERINGS

- Pre-Incubation
- Incubation
- Prototype Development
- Interns Support
- Mentorship
- Funding Support
- Industry Collaboration
- Legal/Patent Support
